Procedure:

How to make a guitar using recycled materials.

Materials:

- **Cardboard**
- **Paint**
- **Hot glue / Glue**
- **String**
- **Rubber bands**

Equipment:

- **Scissors**
- **Knife**
- **Ruler**
- **Pencil**
- **Paint brush**
- **Drill**
- **Glue gun**

Steps:

1. **Trace and cut out 4 guitar templates.**
2. **Glue together 3 guitar pieces.**
3. **Cut out 4 rectangles out of the cardboard.**
4. **Glue the 2 larger rectangles on top of each other. Glue it 2.5cm below the circle on the guitar.**
5. **Glue the 2 smaller rectangles on top of each other. Glue is on the neck of the guitar.**
6. **Drill 4 evenly spaced holes below the large rectangles and 4 evenly spaced holes above the smaller rectangles on the neck of the guitar.**
7. **Paint the guitar.**
8. **Let it dry.**
9. **String the guitar with your rubber bands.**
10. **Glue on the back piece on the guitar.**
11. **Ready to rock.**
