

Kia ora koutou Whaanau

Today marks the beginning of Week 5, Term 4. We continue to be impressed with the Online Learning the Year 7 & 8s are doing. It was awesome to see so many smiling faces in our Google Meet last Friday.

Coming up in Week 5:

### **Ripple Effect**

Mrs Fraser and I will be making drop offs this week. Each student will receive a packet of thread to be able to create and participate in a 'Pay it Forward' activity set for Friday. **PLEASE** let us know if your address has changed since lockdown started or if we are unable to get these threads to you because you are over the border and we can make an alternative arrangement.

### **A reminder that our daily Learning Expectations:**

Our daily expectations for our Year 7 & 8's during this time where we are learning from home include:

- Two short Google Classroom Daily Tasks
- 20 mins Epic! Reading,
- 20 mins Athletics,
- 20 mins Wordflyers.

### **Google Meet**

- This week we will be having a **Google Meet for Year 7s & 8s on Friday at 1pm**. This will be a quiz type chat to allow students to connect with each other and the learning they have been doing. They can **join the Meet from Google Classroom**. The code will be made visible 10 minutes before the meeting on the Year 7 & 8 2021 stream.

Keep checking the School Website, Facebook page and Hero updates for information about Learning from Home, Term 4, and our Covid Levels.

Stay safe. Kia haumaru te noho,

Miss W and Mrs Fraser
