

Design a New Zealand Banknote

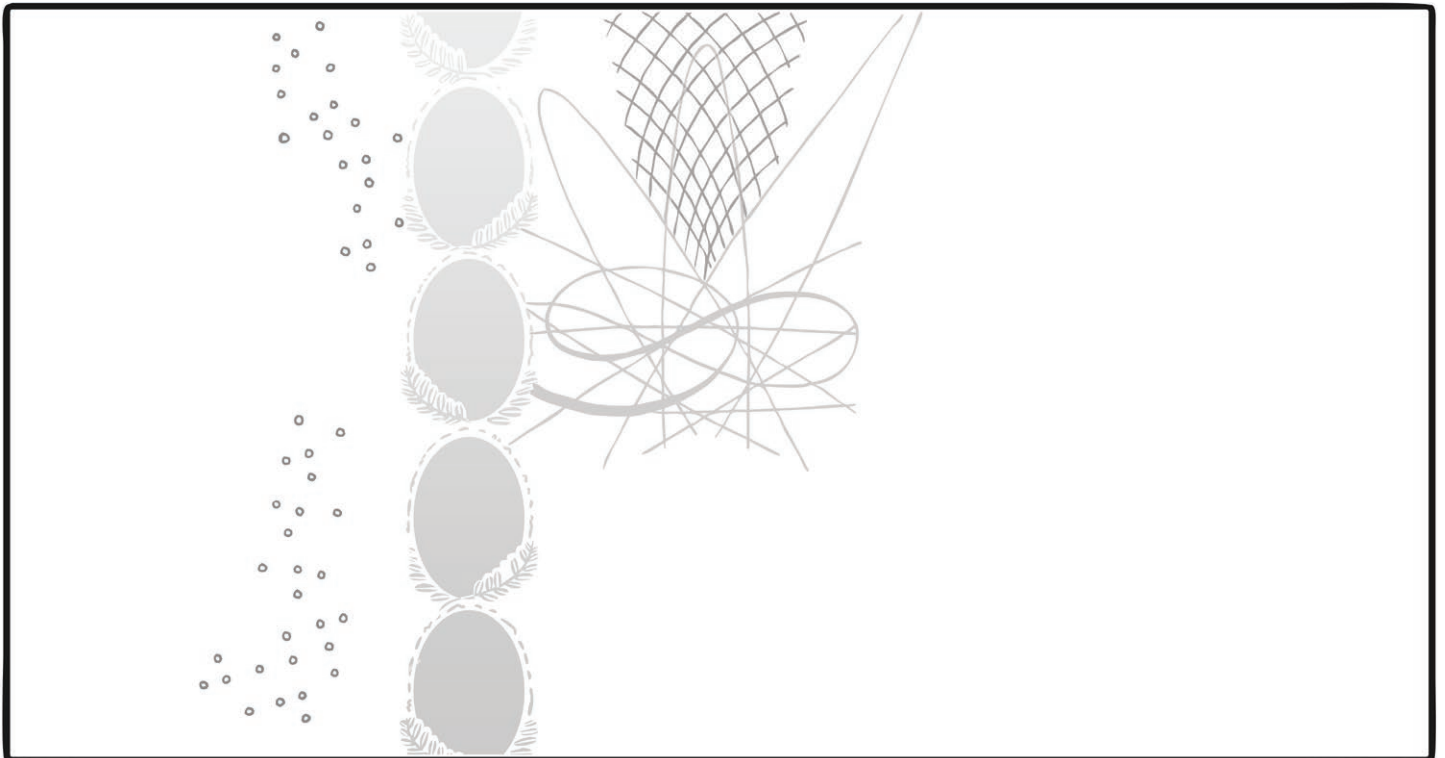

\$1,000,000 of cash in \$20 notes would not fit in a briefcase, as some films might have you believe.

Each New Zealand banknote features an image of a famous person and a New Zealand native bird. The newest series of banknotes include a greater amount of text printed in te reo Māori. The New Zealand dollar is the official currency of New Zealand, the Cook Islands, the Ross Dependency, Tokelau and the Pitcairn Islands.
